

JET Schleifbandrollen 25 m

JET Bande abrasive Largeur 25 m

JET sanding rolls 25 m

Technische Daten

|                   |                  |
|-------------------|------------------|
| Anwendungsgebiet: | Holz und Metall  |
| Schleifmittel:    | Aluminium Oxide  |
| Unterlage:        | J Baumwollgewebe |
| Bindung:          | Kunstharz        |
| Struktur:         | Dichte Streuung  |

Données techniques

|                   |                                |
|-------------------|--------------------------------|
| Caractéristiques: | Idéal pour le bois et le métal |
| Abrasif:          | Oxyde d'Aluminium              |
| Support:          | Toile Coton J                  |
| Liant:            | Résine sur Résine              |
| Structure:        | Fermée                         |

Technical specifications

|              |                    |
|--------------|--------------------|
| application: | for wood and metal |
| Abrasive:    | Aluminum Oxide     |
| Backing:     | J Cotton Cloth     |
| Bond:        | Resin Over Resin   |
| Coating:     | Closed             |
